

Keeping clean air filters in your heating and cooling system is important for the health of your family, for the care and maintenance of your system and is required by your lease agreement. Keystone Signature Properties has partnered with Second Nature to make this even simpler for you. For one monthly fee, you will get the air filters you need when you need them!

Benefits of the Filter Program:

- Exact quantity and size of filters required for a single change delivered to your door.
- Package includes personalized message with instructions on how to change filters.
- Dated filters are delivered on schedule as a timely physical reminder to change them.

That's it! No keeping up with size and quantity and no locating and purchasing the filters. You simply replace the filters each month when they are delivered right to your door.

Cost: \$20/month (*regardless of the number of filters you have*). The monthly fee will be added to your tenant portal for easy payment with your rent.
